

OAP Checklist

Purpose:

- Several services in Hillingdon joined experiences and knowledge in creating a resource for schools called the Ordinarily Available Provision Checklist.
- Ordinarily Available Provision (OAP) can be defined as the provision made for children whose special educational needs can be met from the resources generally available to the school or setting. This will apply to all children without an Education Health and Care Plan (EHCP), but children with an EHCP will also benefit from this type of provision in addition to the provision written in their plan.
- OAP checklist is a compact and substantial toolkit of original OAP. OAP currently is being reviewed by Teams in Hillingdon.
