Was the DSL right?

The mother of a 14 girl asks to speak to the DSL. She tells him that she is concerned about her daughter, Jenny, and hoped he could help. Jenny told her mum that Jenny's ex-boyfriend (same age as Jenny) had sexually assaulted her. This happened when she was in year 9 but she only told her mum about it 3 weeks ago. She said Jenny didn't want to make a fuss about it but hoped she could see a counsellor or something.

The DSL consults with the headteacher. They decide to abide by the family wishes and refer Jenny to the school counsellor.

Role of Safeguarding Governor & all Governors

Contextual Safeguarding

- Young people experience harm beyond their families
- Parents have little influence over these wider contexts
- Schools are ideally placed to consider risks outside of immediate family context
- Schools need to consider the location and culture of their school and identify any risks young people may be exposed to

Can you help?

Technology

Everyone's Invited: Children recount 'rape culture' experiences

By Cristina Criddle
Technology reporter

15 March

An online campaign inviting users to post anonymous testimonies of sexual assault and harassment has been growing in popularity.

The collection of more than 4,100 testimonies include accounts from girls aged as young as nine.

The youngsters have written personal accounts of "rape culture", identifying the school or university the alleged perpetrators attended.

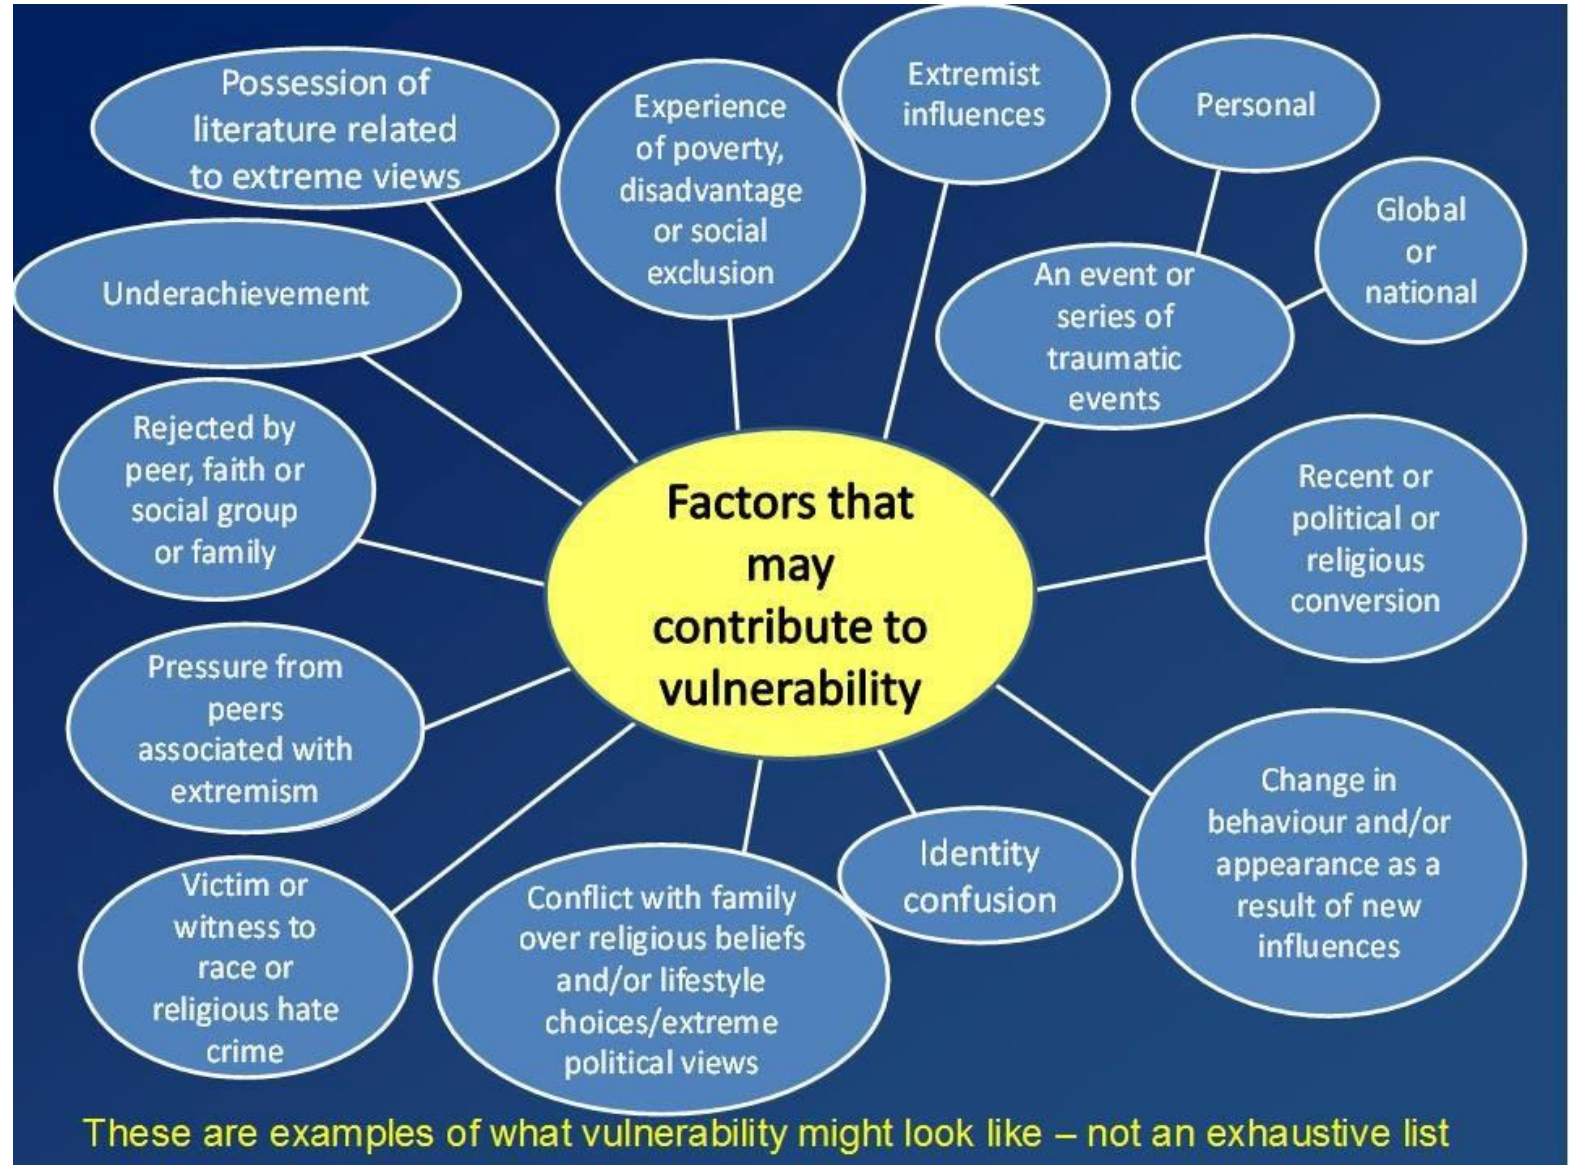

Eton, St Paul's and Latymer Upper School are among those referenced.

Radicalisation/Extremism

The Prevent Duty Guidance places a duty on schools, and child care providers, to have 'due regard to the need to prevent people from being drawn into terrorism'.

Radicalisation is usually a process not an event.

****All school staff including governors should complete the Home Office e learning module: Introduction to Prevent. Senior Leaders and DSLs should complete the additional module around making referrals ****

Online Safety

What are the risks?

- **Grooming**
- **Cyber-bullying**
- **Radicalisation**
- **Sexual Image sharing/Sexting**
- **Exploitation**
- **Emotional abuse**
- **Exposure to adult/ inappropriate material**

- **What can help?**
- Open and honest discussions around positives and negatives of the online world
- Use of resources (ThinkUknow) to enable children to seek help when needed
- Informing parents

Governor Responsibilities

- Dedicated governor responsible for safeguarding
- Consider Deputy, any other link governors?
- Governors are responsible for ensuring your school has and implements safeguarding and child protection policies
- Annual training for staff
- All governors have safeguarding and online safety training at induction and receive regular updates
- Working with SLT to ensure the school promotes safeguarding – being a critical friend
- Being involved in the recruitment process
- Contributing to the schools annual safeguarding report

Governor Responsibilities

- Staff training and updates on safeguarding
- Safeguarding in the curriculum
- Systems for record keeping should be secure, records should be clear, where and how are they records
- Data should be analysed to look at trends and to help schools respond, i.e. attendance, bullying, child protection issues
- Safeguarding audit
- Confirms safeguarding practice is compliant with procedures
- Identifies improvements

How well do you know your school community & local area?

What Next?

Safe Culture

Demonstrating courageous leadership – attitude of '**it does happen here**' and taking action if it does

Induction; Safeguarding Training day 1, read & understood policy's & procedures

Probation; Setting standards, probationary periods, early identification of concern

Supervision & Management; Regular supervision, Observing, managing & recording conduct and performance information

Identifying & Managing concerns; allegations, low level concerns, risk assessments, whistle-blowing

Keep safeguarding high on everyone's agenda; ongoing training, monitoring

Managing leavers and referring information; recording exit information, referring concerns, giving references

What kind of questions would you ask your DSL?

Hillingdon QA process

1. Safeguarding audit tool
2. DSL development day
3. Safeguarding action plan
4. Sample QA of plans
5. Yr 2 Action plan update
6. Sample QA of updated plans

Policies & procedures

3 cornerstones of effective practice:

Review policies

When do policies fail?

1. They do not meet statutory guidance/Ofsted expectations
2. Poorly drafted, hard to follow
3. Ineffective dissemination
4. Staff knowledge not checked

Reviewing policies

1. Cover only what needs to be covered
2. Spin-out separate policies if needed
3. Critically assess and welcome challenge
4. Disseminate and train
5. Continuous improvement

The 3 Ps: Policies, People, Practice are at the heart of developing a culture of vigilance.

- *The school's or college's safeguarding policies and procedures should be transparent, clear, and easy to understand for staff, pupils, students, parents, and carers.*

Systems should be in place, and they should be well promoted, easily understood and easily accessible for children to confidently report, any form of abuse or neglect, knowing their concerns will be treated seriously, and knowing they can safely express their views and give feedback.

Para 97. KCSIE 2023

How do you achieve this? What does it look in your school?

- How are children involved in the creation of your child protection policy?
- How do you support EAL families to access the child protection policy and understand it?
- How do you support families who have SEND needs to access your child protection policy?

- How have you ensured that all governors understand safeguarding & child protection, your processes, record keeping and other aspects of the role?
- How do you ensure governors can provide support and challenge to you and effectively review your processes? What tools do you provide them (if any)?
- What is the vision and culture that you have tried to create with staff, pupils and parents regarding safeguarding? What are some of the risks/barriers to achieving this and how have you addressed it?
- How do you go about strategically assessing safeguarding risks/ threats in the local area?
- What risks or threats have you identified?
- How do you analyse trends and share these with staff, governors and other stakeholders?
- What safeguarding priorities have you identified and areas for development? Do you have a safeguarding development plan?
- Do you have an annual safeguarding timetable for CPD, key meetings or actions/reports during the year? What does this look like?

Safe workforce – Starts with Safer Recruitment

Safer recruitment is one of the most important elements of safeguarding. It is the first opportunity to minimise the risk of any harm happening to children.

It is more than a criminal record check

Includes all school staff – caretakers, managers, governors, volunteers, agency workers

Perpetrators of abuse may deliberately target settings that give them access to children.

Being confident the people you are bringing into your setting are the right people and are safe people who will keep children & young people safe from harm.

Assessing candidates have the right attitudes, values and behaviours to work with children & young people

Applying a safeguarding mindset to every stage of the employment journey with an aim to deter, reject or identify people who might abuse children (KCSIE)

- Who checks the Single Central Record is up-to-date?
- How often is it checked?
- What system do you use?
- What online checks do you do?
- Who has undertaken safer recruitment training?

Local Authority Designated Officer

- Every Local Authority has a designated team/officer that deals specifically with allegations made against members of the children's workforce, whether they are staff or volunteers.
- Allegations against members of the children's workforce, in a paid or volunteering capacity, must be taken seriously – Remember 'it does happen here'
- Any concerns staff have about a colleagues' conduct must be reported to the Head Teacher. If their concern is about the headteacher they should contact the Chair of Governors
- If they remain concerned, they should follow the whistleblowing policy and can contact the LADO directly

A hand is shown with the palm facing forward, with the words "STOP IT" written in blue marker on the palm. The hand is positioned on the right side of the image, with fingers spread. The background is a light, neutral color.

Key Points

- It could be happening here, we must be **curious** about children's lived experiences
- School is **compliant** with safeguarding
- Procedures are **consistent** – is what is written happening in practice?
- Practice is **improving** – create a culture of learning rather than blame
- Safeguarding has **IMPACT.** – how do you know?

OFSTED: the 5 key areas

- ✓ **Creation of a positive culture**, where 'safeguarding is an important part of everyday life', backed up by staff training at every level
- ✓ **The effectiveness of safer recruitment**, vetting, and safeguarding policies and procedures
- ✓ **Staff awareness** of the signs of harm from within the family and the wider community
- ✓ **Timeliness of response** to safeguarding concerns
- ✓ **Quality of the school's contribution to multi-agency** plans for children
