What strands have we bid for?

- **Universal NEET** - Universal not in employment, education or training (NEET) programme: support young Londoners who are NEET to help them to develop interpersonal skills that increase their employability; and to progress into education, employment or further training outcomes.
- **Targeted NEET** - Targeted not in employment, education, or training (NEET) programme: support young Londoners who are NEET, furthest from the labour market and experiencing multiple forms of disadvantage and/or who have significant additional support needs. This intervention will help them to develop interpersonal skills that increase their employability; and to progress into education, employment or further training outcomes.
- **Quality work experience** for students at risk of NEET programme: commission quality work experience provision for young people who are at risk of becoming NEET (not in employment, education or training) and who are aged 16-19, or aged 16-25 for students at risk of NEET and who also have an education, health and care plan (EHP)

What barriers do you face for young people aged 14-25?

Feedback from Education meeting

- Not knowing the right pathways
- Not enough IAG
- Lack of suitable jobs
- Emotional needs
- More PfA support
- Lack of referrals to social care for adult support
- Academic focus on GCSE's
- Lack of good role models/mentoring approach

Gift to solve

- Is there enough Post 16 provision in Hillingdon, and if not what is the needed?
- Is there a need for a Princes Trust Programme to be used as a transition out of school to FE?
- Would attending a complex NEET panel provide you with some knowledge of what other services are trying/doing?
