

MATHSHUBS

LONDON CENTRAL AND WEST

HILLINGDON GOOD PRACTICE NETWORK - PRIMARY MATHS

**For those who lead on maths in primary schools
in the borough of Hillingdon**

This session will have a key focus on Mathematics planning and preparing for 2024/25.

This meeting is collaborative – a chance to share pedagogy, curriculum approaches, current issues, resources and ideas for future projects that the Maths Hub could run.

It is best if practitioners bring something to share and lead on as part of the discussion. It is hoped this community of practitioners will carry on sharing good practice after this meeting.
