

MY FIRST LOVE

♥ Celebrate Maths on Valentine's Day ♥ with free online workshops for upper primary classes

Meet a computer scientist live on Zoom and take part in fun mathematical challenges designed to inspire, excite and ignite a love of maths for upper primary pupils.

My First Love: Maths are interactive digital events in which your class will:

- Take part in fun mathematical challenges and experiments
- Find out about the Maths in Dr Herb Daly's career in computer science
- Discover why he loves the subject
- Join the live Q&A with Dr Daly
- Learn from other young people across the UK as you take part together.

Book your class' free place on **14th February** by clicking on the buttons below. My First Love: Maths is exclusively for upper primary school classes across the UK.

10am

2pm
