This one-day event is aimed to support your work to evaluate how you meet statutory safeguarding obligations by working with DSLs from other Hillingdon schools and settings, and will provide the opportunity for you to:

- Reflect on some of the key self-evaluation themes and questions with other DSLs;
- Share examples of your practice that are effective to help other DSLs improve their practice;
- To learn from how other schools & settings address safeguarding to support you in your work;
- This will then help you self-evaluate your practice in an interactive, practical and resource sharing way.
